★ Subaru Vehicle Applications

DIRECT OEM REPLACEMENT SHOCK ABSORBERS

touring A

- 40 level shock dampening adjust
- Upright, Twin tube, OEM dimension shock strut
 - OEM Dimension: Shock length, Rod Length, Stroke, Spring Seat
- Factory upper mounts, OEM (big) spring reused (Also complies to OEM dimension lowering springs)
- CPRV (Corrective Pressure Regulating Valve) featured
 - Retains comfort and stability especially when dampening is set at a soft level
- Noiseless design (prevents "squishy" sounds commonly experienced with OEM)
- e-con2 compatible (sold separately)
- 140% stiffer than factory OEM dampening rate (when set at max hard)
- ※ Springs not included
 - Reuse of OEM factory springs will not change vehicle height
- ※ 1 year 10,000km limited warranty (Japan only)
- **Factory damper setting comparable at 20 clicks (For most applications)

e-con2
